Welcome

We're proud to support adults across the Bradford community in achieving their personal and professional goals, with years of experience helping people build skills and confidence.

Returning to education can feel like a big step, but it's an exciting one too. Whether you want to try something new, progress in your career, or change direction, we'll support you every step of the way.

Our flexible courses are designed to fit around your life, with part-time and evening options available.

From entry-level and GCSE Maths and English to ESOL, higher education, and professional qualifications, there's something for everyone. We also offer a wide range of vocational subjects, including digital, construction, engineering, health, and more.

Whatever your goals, we're here to help you take the next step.

Chris Webb

Chris Webb
CEO & PRINCIPAL
BRADFORD COLLEGE

Why choose Bradford College?

Returning to learning is a big step – and we're here to help you make it count. Whether you want to support your children, improve your job prospects, or build a better future, it starts with you.

We're Here for You

We're your local college, rooted in the community. We deliver courses not just on campus, but in neighbourhoods across Bradford – making learning accessible, friendly, and close to home.

Learning That Fits Your Life

Our flexible courses run at different times and locations, including evenings and weekends, so you can balance study with work and family life.

Financial Support to Help You Succeed

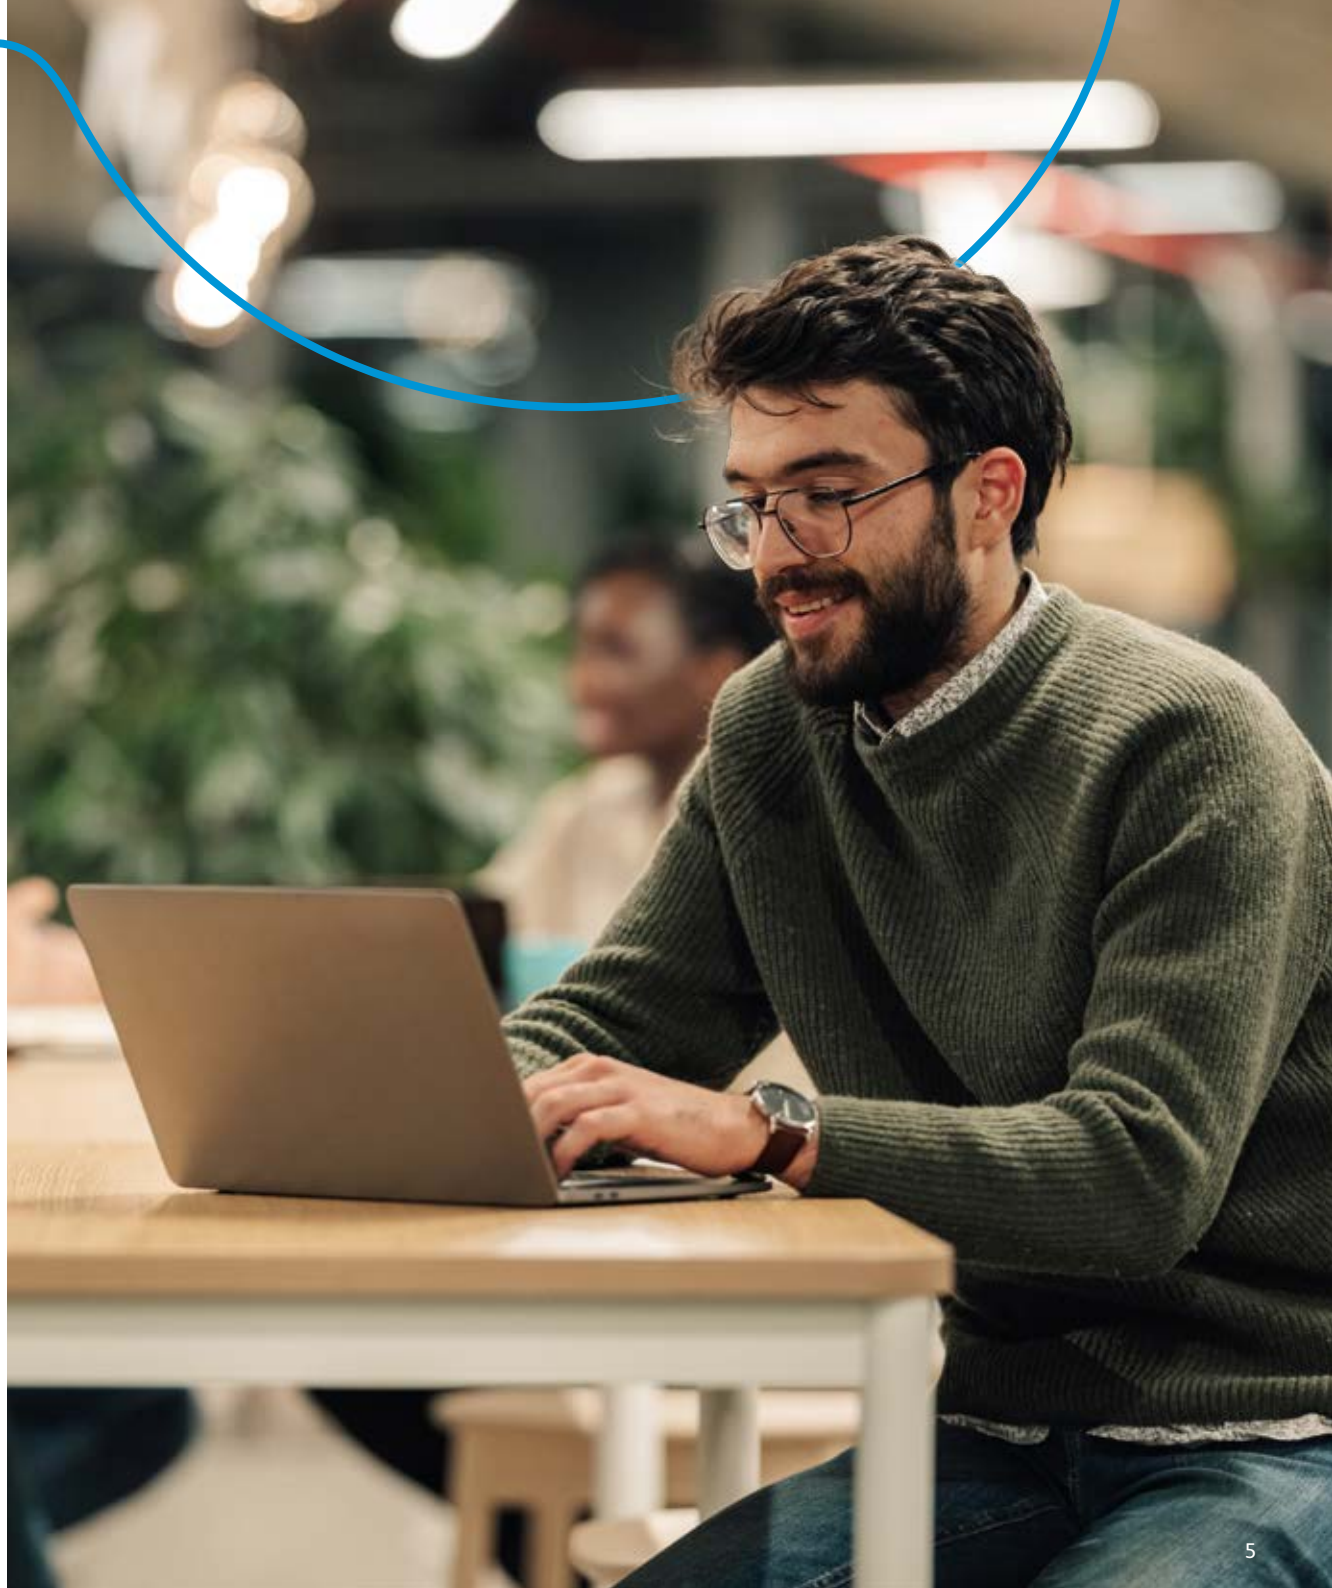

We believe everyone should have access to learning. Financial support is available for many courses, helping you take the next step with confidence. See page X for more information.

Support You Can Trust

Our friendly and inclusive team is here to support you every step of the way. We'll help you build practical skills, grow in confidence, and feel connected – so you're ready to take your next step.

Quality You Can Rely On

We're proud to be rated 'Good with Outstanding Features' by Ofsted. It's a mark of the high-quality teaching and support you can expect, helping you achieve your goals and plan for the future.

Community centres

We're committed to bringing education closer to you. We offer adult skills courses across a wide range of locations throughout Bradford, making it easier for you to access the skills and knowledge you need.

Here are the community centres where we deliver our courses.

1	Safety First Community Training Centre	22	Bowling Park Academy

Our courses

Bradford College offers a wide range of adult courses designed to fit around your life.

Whether you want to learn new skills, change career, or build confidence, there's something for you.

With flexible options including part-time and short courses, you can start when you're ready and learn at your own pace, with some courses enrolling throughout the year.

All courses are open to adults aged 19+, helping you take the next step towards your future.

Scan to find out more

*Applicants must be 19 at the start of the academic year

Course levels explained

Our courses are designed to support you at every stage of your learning journey, helping you build skills, confidence, and new opportunities:

No Qualification

These courses do not lead to a formal qualification, but our tutors will support you in developing your skills and growing your confidence.

Entry Level 1, 2 & 3

Ideal if you're starting out or building your skills. You'll be assessed to find the right starting point and guided onto the level that best suits you, preparing you to progress to Level 1.

Level 1 & Level 2

A great choice if you're returning to learning, considering a career change, or looking to boost your confidence. These courses develop essential skills and provide a strong foundation for work or further study.

Level 3

Advanced qualifications that can open doors to skilled employment, apprenticeships, or university. Often delivered through vocational pathways such as BTECs, they focus on practical, career-ready skills.

Access to Higher Education (HE)

Designed for adults who want to go to university, these courses will prepare you with the knowledge, skills, and confidence to take that next step.

Higher Education (HE)

At Bradford College, we offer degree-level professional and technical qualifications to help you achieve your career goals. You'll learn from experienced lecturers in dedicated undergraduate facilities located in our city centre campus.

Progression routes

Completing one or more of our adult courses is an important step in your learning journey. Many courses lead to recognised qualifications, helping you progress to further study, higher-level training, apprenticeships or employment.

Whether you're looking to improve your skills, change career, return to work or continue your education, there are a range of progression pathways available to help you achieve your goals.

Bradford College is one of the largest colleges in West Yorkshire and offers an extensive range of adult learning opportunities beyond those featured in this guide.

Explore your next step and discover our full range of adult courses and progression opportunities.

How to apply

Getting started is simple. Follow these three easy steps to begin your learning journey with Bradford College.

1. Choose Your Course

Browse the courses featured in this guide, or scan the QR code to view our full range of adult courses online.

You can also visit one of our Open Events to explore our facilities, meet tutors and learn more about your course options.

2. Enrol

Once you've chosen your course, you can enrol and pay any applicable fees at one of the following locations:

- » The David Hockney Building (Main Campus)
- » The Adult Learning Centre, City Park
- » Selected community learning venues

3. Start Your Learning Journey

Once your enrolment is complete, you'll officially become a Bradford College student and be ready to begin your course.

Need Help?

We're here to support you throughout the application process, **01274 088 088**
admissions@bradfordcollege.ac.uk

Funding options

We believe that financial barriers shouldn't stand in the way of learning. That's why we offer a range of financial support options to help make education more accessible.

Many of our adult courses may be free or part-funded, depending on your individual circumstances and eligibility.

Funding availability and eligibility criteria can vary, so please check at the time of application.

Advanced Learner Loan

If you're studying an eligible Level 3, 4, 5 or 6 course, you may be able to apply for an Advanced Learner Loan to help cover the cost of your tuition fees. The loan is not based on household income, and repayments only begin once your earnings exceed the repayment threshold set by the government.

Adult Bursary Support

Additional financial support may be available to help with the costs associated with studying, such as travel, childcare or essential course-related expenses.

Our team can provide advice and guidance on the support available and help you understand what funding options may apply to you.

Free Courses for Jobs

Some of our courses may be funded through the West Yorkshire Combined Authority (WYCA) Free Courses for Jobs programme. This funding supports eligible adults to gain valuable qualifications and develop skills that employers are looking for.

Find Out More

To discuss funding and financial support, contact:
admissions@bradfordcollege.ac.uk

Or scan the QR code to learn more about our financial support options.

ENGLISH & MATHS

Strong English and maths skills can help you in everyday life, at work, and when supporting your children with their learning.

Whether you're looking to improve your confidence, return to education, or prepare for your next career step, our courses can help you develop essential skills and gain recognised qualifications.

Once you have applied, you will be invited into College for an assessment to decide on the right course level for you.

TO FIND OUT MORE,
SCAN THE QR CODE.

Progression Opportunities

These courses can help you progress to further study, vocational training, apprenticeships, and employment. Achieving English and maths qualifications can also support access to higher-level courses, university study, and a wide range of career opportunities where these skills are essential.

Course	Level	Duration	Study Mode
Functional Skills: English	Entry Level 1, 2 & 3 / Level 1	17 Weeks/ 30 Weeks	Part-time
Functional Skills: Maths	Entry Level 1, 2 & 3 / Level 1	17 Weeks/ 30 Weeks	Part-time
GCSE English	Level 2	30 Weeks	Part-time
GCSE Maths	Level 2	30 Weeks	Part-time
GCSE English - fast-track	Level 2	15 Weeks	Part-time
GCSE Maths - fast-track	Level 2	15 Weeks	Part-time

JODIE ALLEN
GCSE ENGLISH & MATHS

“The teachers are lovely, and I actually understand Maths now. It's fresher in my mind, so I can support the students I work with and even help my daughter with her schoolwork.”

ESOL (ENGLISH FOR SPEAKERS OF OTHER LANGUAGES) & DIGITAL SKILLS

If you're looking to build your confidence and develop essential skills for everyday life, work, or further study, our ESOL and Digital Skills courses can help you take the next step.

Whether you're improving your English language skills or learning how to use technology more confidently, you'll study in a supportive environment at a level that's right for you.

TO FIND OUT MORE,
SCAN THE QR CODE.

Progression Opportunities

These courses can help you progress to higher-level English, maths, and digital qualifications, as well as further study, training, and employment. By developing your communication and digital skills, you'll be better prepared for everyday life, workplace opportunities, and continued learning.

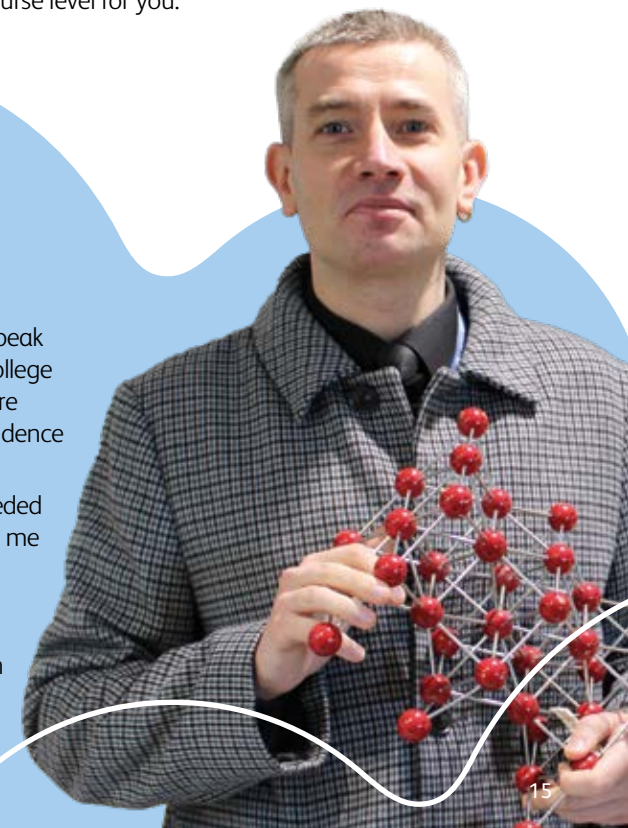

Course	Level	Duration	Study Mode
ESOL*	Entry Level 1-3 & Level 1	Varies	Part-time

*Once you have applied, you will be invited into College for an assessment to decide on the right course level for you.

JACEK MLECZKO
ESOL LEARNER

“When I arrived in the UK, I didn't speak any English. Starting ESOL at Bradford College changed everything for me. The staff were supportive and helped me build my confidence step by step.

The course gave me the English skills I needed for work and everyday life, and it prepared me to move on to GCSE English and Maths. Today, I'm proud to be Assistant Head of Science at a secondary school. Without Bradford College, I would never have been able to start this journey.”

CONSTRUCTION

If you're looking to develop practical skills and start a career in the construction industry, our Construction courses offer a great place to begin.

Whether you're exploring different trades, training in plumbing, electrical installation or welding, you'll gain hands-on experience, industry knowledge, and the confidence to take your next step.

TO FIND OUT MORE,
SCAN THE QR CODE.

Progression Opportunities

These courses can support progression into apprenticeships, further vocational training, and employment across a range of construction and engineering sectors. Depending on your chosen pathway, you could progress into roles within plumbing, electrical installation, welding, fabrication, construction trades, and related industries.

Course	Level	Duration	Study Mode
Construction Skills Academy	1	12 Weeks	Part-time
Plumbing for Adults	1 & 2	1 Year	Part-time
Electrical Installation for Adults	1, 2 & 3	1 Year	Part-time/ Full-time

RHOPSANA KHANUM
CONSTRUCTION SKILLS STUDENT

“ At the end of a session, I can look at what I've done and know whether it's good work or not. The college didn't just give me skills, it gave me a place where I could learn, grow and feel grounded. ”

CREATIVE & HOSPITALITY

If you're looking to develop practical skills and explore new career opportunities, our Creative and Hospitality courses offer a great place to start.

Whether you're interested in the arts, catering, or professional cookery, you'll gain hands-on experience, build confidence, and develop valuable skills in supportive and engaging learning environments.

TO FIND OUT MORE,
SCAN THE QR CODE.

Progression Opportunities

These courses can help you progress into further training, volunteering, apprenticeships, and employment within the creative and hospitality sectors. Depending on your chosen pathway, you could move into roles in catering, hospitality, food preparation, the arts, and other creative industries, while continuing to develop your professional and employability skills.

Course	Level	Duration	Study Mode
Preparing to Work in the Arts Industry	No Qualification	11 Weeks	Part-time
Preparing to Work in a Café	No Qualification	11 Weeks	Part-time
Professional Cookery	Level 2	1 Year	Part-time

RALIA DAOUD CATERING & HOSPITALITY LEARNER

“ Before, I only knew ‘hello’ and ‘goodbye’ in English, and I didn’t know how I could go back to work. Joining the Preparing to Work in a Café course at my local community centre gave me my confidence back.

The classes fit around my children and helped me learn new skills, from cooking different cuisines to food safety. I loved it.

Now I have a job at Bradford College and I’m very happy. My chef asks me, ‘Can you do this?’, and I can say yes. The course gave me skills, confidence, and hope for my future and my children. ”

DIGITAL, IT & COMPUTING

Digital skills are essential for everyday life, work, and learning.

Whether you're new to using technology or looking to build your confidence, our courses can help you develop practical skills such as using computers, working safely online, accessing digital services, and communicating using technology.

TO FIND OUT MORE,
SCAN THE QR CODE.

Progression Opportunities

Courses are available from beginner level through to recognised qualifications, helping you progress to further study, employment, or improved digital confidence in everyday life.

Course	Level	Duration	Study Mode
Preparing to Work: Digital Skills	No Qualification	17 Weeks	Full-time
Digital Skills for Beginners	Entry Level 3 / Level 1	17 Weeks	Part-time
Functional Skills: Digital	Entry Level 3 / Level 1	17 Weeks	Full-time
Digital for Adults (Free for eligible adults aged 19+ living in West Yorkshire).	2	1 Year	Part-time

THENJIWE LATHAM
FUNCTIONAL SKILLS: DIGITAL, ENTRY LEVEL 3

“ After retiring, I went back to College to keep my brain active by learning new skills. I proved to myself learning doesn't stop with age. My grandchildren were so happy for me, and I hope I inspired them to keep learning. Remember, it's never too late to learn, you just need one small step. ”

HAIR, BEAUTY & BARBERING

If you're passionate about helping people look and feel their best, our Hair, Beauty and Barbering courses can help you develop the practical skills and confidence needed for a rewarding career.

Whether you're starting out in hairdressing or barbering, or building specialist beauty therapy skills, you'll learn in professional salon environments with support from experienced industry professionals.

**SCAN HERE FOR MORE
COURSE INFORMATION:**

COURSES**

Progression Opportunities

These courses can support progression into employment within salons, barbershops, beauty clinics, and self-employment opportunities. Depending on your chosen pathway, you may also progress to advanced qualifications, specialist treatments, or an apprenticeship.

Course	Level	Duration	Study Mode
Preparing to work in Beauty: Asian Bridal Make-up	No Qualification	11 Weeks	Part-time
Hairdressing	2	1 Year	Part-time
Barbering	2	1 Year	Part-time
Laser & IPL Treatments	4	10 Weeks	Part-time
Sports Massage Therapy	3	1 Year	Part-time

MARIA SHAH
LEVEL 2 HAIRDRESSING STUDENT

“ I thought it would be a lot harder, but the teachers and students have made it so easy. It's fun, it's social, and I'm getting my education at the same time.

The tutors are amazing. They've worked in the industry themselves, so I can ask them anything. Even students with no background in hairdressing have learned so much in just a few months. ”

HEALTH, CARE & COUNSELLING

Our Health, Care & Counselling courses are designed for adults who want to make a difference in people's lives.

From counselling and social care to nursing, allied health professions and pharmacy services, these courses can help you develop new skills, gain recognised qualifications and progress to employment, higher-level study or university. You'll gain valuable knowledge, practical experience and the confidence to succeed in a rewarding sector.

HALIMAH JAFFARI

ACCESS TO HE, ALLIED HEALTH PROFESSIONS

“I came to the UK and started my education through ESOL, so Bradford College feels like a second home now. I've grown both personally and academically, and the support from tutors and staff has helped me believe in myself and keep pushing forward.”

LANGUAGES & COMMUNICATION

Strong English and maths skills can help you in everyday life, at work, and when supporting your children with their learning.

Whether you're learning British Sign Language or training to become a community interpreter, you'll build confidence in communicating with people from a range of backgrounds and communities.

TO FIND OUT MORE,
SCAN THE QR CODE.

Progression Opportunities

These courses can support personal development, volunteering, and employment opportunities where strong communication skills are valued. Depending on your chosen pathway, you may progress to higher-level British Sign Language qualifications, interpreting qualifications, community support roles, or careers working with diverse communities and service users.

Course	Level	Duration	Study Mode
British Sign Language	No Qualification	11 Weeks	Part-time
British Sign Language	Level 1	1 Year	Part-time
Interpreting in the Community	Levels 1, 2 & 3	30-34 Weeks	Part-time

MOHAMMED KURDI YUNIS
COMMUNITY INTERPRETING STUDENT

“ If you know a language, please do this course. I am always really happy when I come to the College for my classes. It's helping me develop skills I can use in the future to help people. ”

LEARNING IN THE COMMUNITY

If you're looking to learn something new, build your confidence, or connect with others in your local area, our Community Learning courses offer a welcoming and supportive place to start.

Delivered in community venues across the district, these courses help you develop practical skills, explore new interests, and take positive steps towards your personal goals.

**TO FIND OUT MORE,
SCAN THE QR CODE.**

Progression Opportunities

Community Learning courses can support progression into volunteering, further study, employment, and more specialised training. Whether you're developing a hobby, improving your skills, or preparing for your next step, these courses provide an accessible route into lifelong learning.

Popular courses include:

- » Sewing and Dressmaking
- » Cookery
- » Preparing to Work in Schools
- » Asian Bridal Makeup
- » And many more

SANAM MUBEEN
ADULT SKILLS LEARNER & SEWING BUSINESS OWNER

“ Before, I was a care worker but I left because I don't drive. I stayed at home with my family and I didn't feel confident. My friend told me, 'Do a course,' so I joined Sewing, English and Maths with Bradford College. Here, I learn many things. I feel more free, more independent. I can make something for myself. Studying changed my life and gave me confidence. ”

MOTOR VEHICLE & ENGINEERING

If you enjoy problem-solving, working with machinery, and developing practical technical skills, our Motor Vehicle and Engineering courses can help you build a strong foundation for the future.

Whether you're interested in vehicle maintenance or manufacturing engineering, you'll gain hands-on experience and industry-relevant skills in a supportive learning environment.

TO FIND OUT MORE,

It can also help you prepare for careers in the Police, Fire and Rescue Service, Ambulance Service, Prison Service, Armed Forces, and other public service organisations.

Course	Level	Duration	Study Mode
Uniformed Public Services*	2	1 Year	Full-time
	3	2 Years	Full-time

*Please note: This is not a standard adult course, you will be learning alongside students aged 16 to 18.

JANA BRUNSLIEPA
UPS ADULT STUDENT

“ I moved here from Latvia and started with ESOL, I was a bit nervous about learning again as an adult learner, especially with a second language but the staff made me feel really welcome. Being on the Uniformed course has been great because I've like learnt so much and built my confidence and it's opened my eyes to the different careers or paths I can take after this. ”
