Start Date	September 2025
Course Code	PA000087

Course Summary

Our Level 2 Welding Skills course is designed for those wishing to build on existing knowledge and discover new welding techniques and welding skills.

Welders have never been in higher demand than they are right now. It is the perfect time to start your career as a professional welder with our Expert Instructor Tony Carter. Tony has welded around the world, and is internationally recognised as one of the best in the business and we are so proud that he is part of our team.

What You Will Learn

This course will allow candidates to learn, develop and practice the skills required for employment and/or career progression in the engineering sector. You will be able to choose your preferred discipline and specialise in this chosen area.

Modules

Students will select from **one** of the following disciplines:

- Unit 201 Manual Metal Arc (MMA) welding
- Unit 203 Tungsten Inert Gas (TIG) welding – aluminium
- Unit 204 Tungsten Inert Gas (TIG) welding
- Unit 205 Metal Inert Gas (MIG) welding
- Unit 206 Metal Fabrication
- Unit 207 Thermal Cutting Techniques
- Unit 208 Flux cored Arc Welding

Entry Requirements

Level 1 in Welding or equivalent industry experience.

Progression

On completion of these qualifications, candidates may choose to progress into employment, entry level job roles in the Welding and fabrications industries.
