Course Summary

On this creative course you will have the opportunity to learn some basic metalworking skills with which to make jewellery. You will explore business opportunities in relation to this craft. This improvers course is perfect if you already have some basic small metalworking experience. Projects such as stud earrings, twist rings and decorative pendants are designed to build on your existing skills, especially silver soldering.

What You Will Learn

With our help, you will learn to produce hand-crafted items such as rings, earrings and pendants using silver, copper and semi-precious gems. Materials will be available via the tutor and costs will vary according to market prices at the time.

Entry Requirements

There are no entry requirements for this course apart from an interest in the subject and the ability to commit to positive behaviours and attendance. You will have a 1-1 meeting with a member of our team to ensure it's the right course for you.
