

Higher National Level 4 Flex – Software Development Life Cycles

View on bradfordcollege.ac.uk

Subject Area	Digital
Course Type	Higher Education
Study Level	Level 4
Delivery Mode	Part-time
Location	David Hockney Building
Duration	12 Weeks
Start Date	September 2025
Course Code	HA000004

Course Summary

This programme is a short course, delivered as part of a longer programme of a longer HNC or can be completed as a standalone module. It is delivered through blended learning which means a combination of face to face and online delivery sessions.

The Software Development Life Cycle (SDLC) is a structured and systematic approach to developing software. It encompasses all phases, from initial planning and requirements gathering to deployment and maintenance, ensuring a well-managed and efficient development process.

What You Will Learn

- Software development methodologies
- Agile and Develops practices
- Software testing and maintenance

Progression

Each module is worth 15 credits. If you successfully complete one, two or three modules, you will receive a Certificate of Unit Credit (CoUC) upon completion of the individual units. If you finish 8 units, you will awarded a HNC. **You can progress onto other units, and then onto a HNC or HND.**
