## Course Summary

---

The skills on this course will be developed within the context of ICT & Software through practical and engaging delivery. The course is designed to allow you to develop knowledge and understanding which will support achievement and progression in IT/ICT/Software-related courses. The development of study skills will allow you to work towards higher level skills and prepare you for the next stage of your educational journey or employment.

## What You Will Learn

---

The course is based on a Programme of Study, which consists of:

- The Vocational Qualification itself
- English and Maths
- A Tutorial programme

- Employer engagement

You will learn through lectures, online modules (Moodle), group work, electronic resources and external speakers.

## Modules

---

The Award offers the opportunity for learners to study two sector specific units and plan for their next steps by completing the mandatory unit:

- Developing a Personal Progression Plan

Learners will also complete the sector specific units 'Designing an Interactive Presentation' and 'Recording Income & Expenditure'.

## Entry Requirements

---

You should have a keen interest in the subject and achieved a minimum of GCSE Maths and English at Grade 2 or an equivalent Entry Level 3 qualifications along with minimum Entry 3 at Maths and English will also be accepted.

## Work Experience

---

30 hours of relevant experience of work are included in the course. Our students work in partnership with the National Citizens Service (NCS) programme which helps to develop key employment skills and behaviours needed for progression to work.

## Progression

---

Successful completion of the course along with improved Maths and English grades can help you embark on a Level 2 course of study. You will be able to progress to further learning, an apprenticeship or possibly employment.
