

Welding (Adults)

Subject Area	Engineering
Course Type	Adult
Study Level	Level 1
Delivery Mode	Part-time
Location	Trinity Green
Duration	1 Academic Yea
Start Date	September 2024
Course Code	PA000190

Course Summary

This qualification is ideal for you if you are considering a career in engineering and will provide a basic understanding of fabrication and welding principles.

What You Will Learn

At Level 1, you will learn how to weld using different equipment and a range of materials.

Modules

To earn this qualification, you must complete a range of mandatory and optional units, including:

- Working in engineering
- Carrying out MIG welding processes
- Carrying out TIG welding processes

Entry Requirements

Entry to this course requires GCSE English and Maths at a grade 2 or E.

Work Experience

Your course may include work experience or a work placement that could lead to the offer of a part-time or casual work, or you might work outside of your studies. Our students benefit from local site visits and trips to construction companies, such as our award-winning local partner Priestley Construction.

Progression

Successful completion of this course can lead to progression to further study or employment in the Engineering sector in a Welding related role.
