Course Code	PA000097

Course Summary

This level will suit you if you have a great deal of technical skills and knowledge and looking to gain more responsibility by supervising others, running your own business or moving to a diagnostic technician level. You work with minimum supervision and have a good record of safety, fault correction and ensuring work meets the required standard.

What You Will Learn

You will be able to practice and develop your skills in vehicle maintenance and repair.

Modules

- Health, Safety and Good Housekeeping in the Automotive Environment
- Supporting Job roles in the Automotive Work Environment
- Materials, Fabrication, Tools and Measuring Devices in the Automotive Environment
- Diagnosing and Rectifying Light Vehicle Faults

- Carrying Out Non-High Voltage Operations On, Near or With an Electric Vehicle

Entry Requirements

16-18: Entry to this course requires GCSE English and Maths at a grade 4 or above. As well as this, you must hold a Level 2 Motor Vehicle qualification. **19+:** No specific qualifications however you will need to have proficient knowledge in English and Maths.

Progression

A Level 3 qualification can lead to careers in:

- Light Vehicle/Heavy Vehicle/Motorcycle Diagnostic Technician
- FastFit Supervisor
- Owning your own automotive business
