Course Summary

Our courses within Skills for Life offer school leavers, aged 16-25 with Education Health Care plans, the next step in their learning experience, based within a discreet provision in the College environment. If you have learning difficulties and/or disabilities and want to become more confident and independent in life, our study programmes have been mapped to the Preparing for Adulthood outcomes and aims to develop and support young people in developing essential skills for life and work.

The Entry 1 Skills for Life course is for students who want to improve their independent living skills. Students are taught in the practical environment of the independent living flat and skills kitchen as well as in the community. The focus is on developing skills such as basic cooking, cleaning and personal development for independent living.

This course is for learners who are ready to gain work skills through working in our skills kitchen and getting involved in community projects. On all our pathways, learning takes place in the classroom, in our independent living flat and in the community. An ability to take part in community activities and use public transport, with support, is an essential

part of the programme. Transition and progression are developed through a comprehensive transition tasters programme with Purple Patch Arts.
