Course Summary

The Applied Science BTEC Level 1 Introductory Certificate offers a practical and engaging introduction to the world of science. Designed for adult learners, the course helps build confidence, develop essential scientific skills, and create a strong foundation for further study or progression into a science related career.

With a focus on applied learning, the course goes beyond traditional classroom study. You will take part in practical experiments, hands on activities, group projects, and real world scientific investigations that make learning both relevant and enjoyable. Whether you are returning to education, exploring a new career path, or looking to strengthen your skills, this course provides a supportive and accessible way to get started in science

What You Will Learn

- Basic scientific investigation skills
- Safe working practices in a laboratory environment
- Communication skills through discussions and written work
- Organisation and time management skills
- Increased confidence in learning and completing coursework

Modules

Entry Requirements

You will need a minimum of Entry level 3 Math's and English for this course.

Progression

On completion of this course you can progress on to a BTEC Level 2 in Applied Science or other Level 2 vocational qualifications.
