## Course Summary

Our Pharmacy Accredited Checking Training course has the main aims of making sure that you are confident and clear in checking the accuracy of prescriptions, communicating potential errors and issues in dispensing and complying with current legislation and good practice in pharmacy. You will understand all of the processes and procedures required for accuracy in dispensing.

## What You Will Learn

This course will:

- Increase your awareness and accuracy in dispensing before moving on to the checking role.
- Provide you with the knowledge and skills to successfully undertake accuracy checking duties.
- Provide you with the knowledge and skills to comply with current legislation, policy, good practice, organisational and professional codes of practice and ethical

standards.

Upon successful completion of the course you will be accredited by Bradford College.

## Modules

Entry to this course requires:

- Be a Registered Pharmacy Technician
- Have the requirement to check as part of your job role
- Be considered to have good dispensing accuracy by your workplace mentor
- Be able to check 1,000 items within a 4 month period of the course
- Have internet access to complete course
- Basic IT skills (the hardest task is attaching a document – like in an email)
- Have access to a workplace mentor who is an accredited checker or registered Pharmacist
- Be willing and able to commit 3-5 hours of personal study a week as this is a 55 Guided Learning Hour course
- Complete the course in 12 months
- Be able to 'issue' prescriptions and provide appropriate counselling information

For more information regarding enrolment and entry requirements, please contact our Pharmacy Skills Lead, Sam Bradshaw s.bradshaw2@bradfordcollege.ac.uk.
