

Annex 1, Minutes of 22.06.17 Corporation

13. 2017-18 Budget Setting Process: FE Student Numbers and Income

13.3A GCEO updated Governors with respect to Bowling College and Forster Community College. He said Bowling College is now closed and Bradford College has taken over responsibility for a number of its students.

13.3B Forster Community College's funding agreement is expected to be novated at the end of this financial year. It is likely that existing staff will transfer to the employment of Bradford College and there will need to be a value for money assessment at that stage.

13.3C A Governor asked what due diligence has been done in respect of the Forster Community College contract and GCEO said he is taking legal advice to ensure that the College does not take on any unwanted liabilities and will bring a risk report at a later stage. He reminded Governors that the intention is to take over the contract rather than the college; the rationale is to reach "hard-to-reach" learners.

GCEO

RESOLVED:

- i. To note the position.***
