#### ?? Don't know your password?

If you've never used College email or Moodle before, then you can work out your password using the following:

- First letter of your first name
- Date of birth (6-digits)
- First letter of your family/surname

#### Password example for:

Fred Purple, who was born on 3rd November 1976.

- First letter of first name = **f**
- Date of birth (6-digits) = **03/11/76**
- First letter of surname = **p**

## So, Fred Purple's password is: **f031176p**
