Bricklayer L2

Laying bricks, blocks to construct and repair walls, foundations, partitions, arches and other structures. The construction sector is the driving force behind the UK economy. Not only that, the construction industry is central to delivering the homes, schools, hospitals, energy and transport infrastructure our society demands. Bricklaying is a core function within the construction sector, particularly the house building sector. The Government has a target to build significantly more new homes over the coming years and therefore the demand for bricklayers has never been higher.

Programme Start

Various start dates throughout the year

Duration

36 Months
