

**At Bradford School of Art, we are keen to talk with local businesses, with the aim that our art and design students are given the opportunity to gain valuable experience of working in a real-life context.**

---

**It could be that your business is in the creative sector or it could be that you need artwork for a specific reason. Equally, it could be that you just want some artwork to brighten up office spaces.**

---

**In return for your engagement with our students your businesses could benefit from having unique artwork. We are open to suggestions and more than happy to meet and discuss.**

---

**The School of Art has a range of students in art and design, who are working towards diplomas and others who are on the BA (Hons) Art & Design degree course. Students work in a range of specialisms, including fine art, photography, graphics, textiles, digital, 3D and fashion.**

---

**Interested parties should in the first instance contact Head of Department, Leanne Burnley, who is best placed to put you in touch with our specialist tutors.**

**Email: [l.burnley@bradfordcollege.ac.uk](mailto:l.burnley@bradfordcollege.ac.uk)**
