

Bradford College Provider Access Statement March 2020

Bradford College is fully committed to providing outstanding CEIAG as set out in the Government's Careers Strategy (2017) and Statutory Guidance for Further Education Colleges and Sixth Form Colleges (October 2018). We are proud to have achieved Matrix accreditation and the Quality in Careers Standard.

Part of our adherence to the Provider Access component of the statutory guidance is to ensure that every learner is entitled to find out about the whole range of post 18 options, including technical and apprenticeship qualifications and opportunities as well as Further and Higher Education courses.

Our 14-16 learners are entitled to find out about the full range of post-16 options including technical and apprenticeship qualifications and opportunities as well as Further Education courses both at Bradford College and other FE Colleges.

We work collaboratively with local and national providers by inviting them to careers and enterprise activities at the college such as our annual Careers Fair,

If you are an employer or training provider and would like to forge a link with the college, contact careers@bradfordcollege.ac.uk You can also contact the Careers Leader Dina Mistry directly via email d.mistry@bradfordcollege.ac.uk.
